

SIZE OF TUESDAY'S VOTE DEPENDS UPON WEATHER CONDITIONS

Party Leaders Scan Weather Returns Before Closing Shop--Weather Will Determine Turn Out of Voters--Seven Presidential--Candidates.

NEW YORK, Nov. 1.—(By The Associated Press.)—The seven presidential candidates of 1920 tonight had submitted their case to the jury and awaited tomorrow the verdict of the electorate.

"The bustle of months ended tonight at national headquarters where the strategists rested, their summing up complete. The candidates retired to seclusion to receive the decision of the American people. With the people rested the task of bringing down the curtain on the national drama of electing a president for the next four years.

With the voters, too, rested the duty of deciding which party should control the senate and which party should control the house of representatives. With the electorate of many states also rested the duty of choosing governors and legislators.

Party leaders, who week after week had been directing the destinies of their candidates and focusing their attention on the league of nations, the chief issue of the campaign pulled down their desks tops, put on their hats and went home. Before they left their offices, they had scanned last minute reports from state chairmen but almost as closely they had studied the reports of the government weather bureau.

Weather Conditions Important.

The state of the weather on election day was considered most important, for this alone would determine the turn-out of voters, particularly in isolated sections of the country where heavy rains would upset the best laid plans of transporting voters to the polls.

There are districts with streams which, when flooded, cannot be crossed even on mule pack and in certain states where the contest is close every ballot plays its part. In general this is what the weather man had to say of a western disturbance which appeared today over Iowa, and of the prospects tomorrow all over the country:

"The western disturbance will advance east-northeastward and be attended by unsettled weather and rains Tuesday, election day, in the Atlantic States, the upper Ohio Valley and the region of the great lakes with some probability of snow in Northern Michigan, Wisconsin and Minnesota. The weather will be clearing and much cooler during Tuesday in the low Ohio and Central Mississippi. Fair, cool weather will prevail Tuesday over the plains states, the Rocky Mountain states and all far western states."

Vote Will Be Large.

With addition of women to those who choose the electoral college, party leaders of course, expect a vote greatly swollen over that of 1916.

Should the skies open the downpour could hardly discourage enough voters to hold the total below that of four years ago. And the ballot counters are not expecting a smaller, but a much larger task, so large indeed, that the count may possibly not be known until much later than in other presidential years. In a presidential year unique in the number of parties with candidates in the field other contenders for the presidency besides Governor Cox and Senator Harding are:

Prohibition—Aaron S. Watkins.

Farmer—Labor—Parley P. Christensen.

Single Tax—Robert C. MacAulay.

Socialist—Labor—William W. C.

Socialist—Eugene V. Debs.

In all 531 members of the electoral college will have to be chosen and of these 266 will be required for election of a presidential candidate.

In the last election President Wilson had 277.

DEMOCRATIC HOPE FOR VICTORY LIES WITH REPUBLICANS

Democratic Chairman Admits as Much in Last Appeal

ASKS REPUBLICANS TO VOTE FOR COX

NEW YORK, Nov. 1.—George White, chairman of the Democratic national committee tonight addressed a final appeal to the Republican voters, urging them, when they enter the polls tomorrow, to ask themselves this question:

"Has the Republican party more claims on me than the peace of the world? Shall I permit the mistakes of party leaders to sacrifice the league of nations?"

"To this question," said Mr. White, "there is but one answer in the hearts of the millions of patriotic men and women who make up the Republican party. It is 'no'."

"And yet the Republican party managers and senators are asking voters to sacrifice world peace for party policies. Senator Harding has finally and definitely decided to stand with his managers and the senate leaders rejecting the league, whatever reservations are proposed and accepted, junking the treaty of Versailles, tendering to Germany a separate peace and summoning another peace conference. This is the inevitable course he must follow; since he has said what he will not retract, the treaty and the covenant to the senate."

"Even if he should be able to induce the 41 nations now signatory to the treaty to tear it up and frame another it would require at least two years before another peace could be ratified and it is generally admitted by such eminent international authorities as Messrs. Taft and Root that what Senator Harding proposes is impossible."

GOBS AND MARINES TO RECEIVE MEDALS

WASHINGTON, Nov. 1.—The long delay in awarding medals for distinguished wartime service in the navy and marine corps is about to be ended it was learned today at the navy department. The decorations which were held up while a naval board reconsidered the awards after a controversy among naval officers and a subsequent congressional investigation last winter have been mailed to commanding officers of ships and stations for distribution either on Armistice Day, Nov. 11, or Armistice Sunday, Nov. 14.

The medals were forwarded in sealed package with instructions that they were not to be opened until receipt of a general release message from the department and were then to be presented with appropriate ceremonies wherever practicable.

EIGHT PERSONS ARE KILLED IN RIOTS IN CUBAN ELECTION

Race Close Between Gomez and Zayas for President

BOTH SIDES START DEMONSTRATION

HAVANA, Nov. 1.—Returns from approximately 100 of the 3,002 precincts in Cuba, tabulated up to midnight, nine hours after the polls closed in the national elections showed that General Jose Miguel Gomez, liberal and Dr. Alfredo Zayas, coalition candidate were running a close race for the presidency of the Republic.

Eight Persons Killed.

Eight persons were killed in local clashes in the provinces during the elections today, according to reports received here. The followers of Gomez started a demonstration in Havana after the electoral board had temporarily closed its office without any official returns having been received. Delay in reporting the result of the first precinct counted led to many sensational rumors, one of which was that the telephone wires were cut. The followers of Dr. Zayas were not discouraged by the Gomez demonstration and started one of their own. At Liberal and coalition headquarters the forces gathered in great numbers to celebrate despite the absence of official information. Some of the newspapers supporting one or the other of the candidates issued extras claiming the election, although the Independent, a non-partisan journal, declared it impossible to predict the result, which it is believed will not be known tonight.

It is said that Alexander demanded an apology from Kent for an epithet previously applied to him. By standers state that without giving Kent an opportunity to comply, that Alexander drew a .38 caliber revolver from his pocket and fired. Altho wounded, Kent did not sink to the floor immediately and the grappling men went from the store into the roadway. COMMUNITY STUDY CAMPAIGN LAUNCHED

Many Citizens of County to Serve on Committees in Community Study Under Direction of Red Cross.

The community study of Jacksonville and Morgan county was formally launched yesterday and over 100 citizens of the county are expected to serve on committees in carrying out this work. Miss Evelina Belden of the survey department, central division, American Red Cross, will direct the study according to plans being used by the American Red Cross thruout the U. S.

This study is the result of a meeting called by the Morgan county chapter Red Cross, August 5. Sixty-five social and civic organizations were invited to attend this meeting, at which it was voted to undertake the study and all present offered their hearty cooperation in gathering facts. As far as possible these organizations will be represented on committees.

The general committee, with Chairman Dr. C. E. Black, will have charge of the study. The other members of the committee are M. F. Dunlap, W. L. Fay, J. J. Kelly, Dr. F. A. Norris, Thomas Worthington, E. E. Crabtree and H. M. Capps.

The study is to be comprehensive and there will be seven sub-committees working under the direction of the general committee. The sub-committee chairmen have been appointed as follows:

General characteristics of community life—Hugh Green.

Delinquency—H. P. Samuell.

Family Welfare—H. Ambrose Perrin.

Health—Miss Lillian Havenhill.

Housing—H. L. Caldwell.

Recreation—F. J. Heintz.

Education—Miss Margaret Moore.

Local committees will be formed in each section of the county. This study marks an important step in the development of social and civic agencies. The Red Cross felt it necessary to review the problems and existing resources to meet them, before undertaking an extensive peace-time program. Other findings will be of value in the development of other work.

The health committee will find what are the principal causes of death and how much contagious disease there is. It will study what public funds are being spent to reduce the dangers and will summarize the splendid work now being done by existing health agencies. It will learn what parts of the city now have typhoid and whether or not there too few houses for the population, and how the death rate of babies compares with that of other Illinois cities.

Other matters which the various committees will study will be the following:

How many families in the community which are in distress thru poverty, unemployment, illness, mental defect or delinquency, and what is being done to reduce these social ills.

How many boys and girls break the laws and what are the facilities for dealing with these children.

What constructive agencies are lifting the moral life of the young people.

How many people attend movies in Jacksonville each day.

Are there enough school rooms for all of the children.

Are children absent from school.

How many retarded children are there, and how many sub-normal children still mixed in with other children in the grades.

These are merely suggestions of the details which the committees will study. Findings will be tabulated and presented with recommendations for immediate work to be developed.

It is the purpose of this study to be concrete and practical. Such a picture of the community life will be invaluable not only to social workers but to the public officials, church workers, school teachers, parents and the general citizenship.

HARDING AWAITS CALMLY DECISION OF FELLOW CITIZENS

Says Has Made Best Fight That He Knew How to Make

EXPECTS TO VOTE EARLY TUESDAY

MARION, O., Nov. 1.—Putting the stress and the worries of his campaign behind him, Senator Harding awaited calmly tonight the decision of his fellow countrymen on his candidacy for the nation's highest office.

He made no prediction of the outcome but his quiet demeanor and smiling face carried every outward sign of satisfaction and confidence.

"I can only say," he replied to a request for his opinion, "that we have made the best fight we know how to make, and await the result with complacency."

Surrounded by his family and personal friends, he spent election eve at home. It was an evening very different from most of those he has experienced since his nomination. In many ways it was very like the evenings of bygone years before he became the leader of a great political party.

Thruout the day he let down from the strain of the campaign, declined to concern himself with the routine of his headquarters and spent most of his time chatting with friends and neighbors who came in to see him. In the afternoon he talked in a jovial vein. For an hour with the newspaper correspondents and he dined quietly at home with Mrs. Harding.

Tomorrow he expects to vote early in the forenoon and motor to a golf course forty miles away to tramp over the links while the story of the ballots is telling itself thruout the nation. He will be back at home in time to hear the earliest returns.

USED CARS WAS THEME DISCUSSED

Automobile Dealers Association Held Monthly Session Monday Night.

The Jacksonville Automotive Dealers' association held its regular monthly meeting Monday night at the Dunlap hotel, preceded by a 6 o'clock dinner served in good style under the personal direction of Manager Rule.

The feature of the evening was an address on the subject of Used Cars by B. B. Burns of Decatur which was heard with great interest by all present. Mr. Burns was the first man to establish an exclusive used car business in Central Illinois and has been more than ordinarily successful. The members present expressed themselves as much pleased with various new points in the business brought out in the address and that they no doubt would profit greatly thereby.

Mr. Burns is an old friend of J. F. Claus, president of the local association, thru whose efforts he was secured to make the address of the vning.

It is expected that there will be a special meeting of the association called in the near future to take up some matters of business it was obliged to omit last night.

A statement by Mr. Small said that he felt "confident that our Republican ticket will receive an unprecedented indorsement at the polls."

He urged "all Republicans to mark their ballots for every Republican candidate by putting a cross mark in the circle at the head of the Republican and making no other mark on their ballots."

OPENING SERVICE HELD AT TRINITY

Beautiful New Church Edifice Used for First Time Sunday—Bishop Sherwood Preached Sermon.

Bishop Sherwood conducted the opening services at Trinity church Sunday with large audiences present at all the services. Six were baptized at the 10 o'clock service and at 10:45 the rector, J. F. Langton, administered Holy Communion. Nearly every member of the church was present.

Bishop Sherwood preached the sermon at this hour, as he did in the evening. Those who heard him were of one mind in counting him one of the great preachers of the church.

A class of fourteen was confirmed at the evening service. Miss Rose Bellatti was in charge of the music, which had a large place in the impressiveness of the day. Miss Eleanor Russell was the leading soprano. One of the pleasant incidents of the day was a reading by Dr. J. G. Ames, junior warden, of a letter of congratulation and good fellowship from Central Christian church. The letter, signed by Myron L. Pontius, a pastor and A. C. Rice as chairman of the board, was in the form of a resolution passed by the people of the church expressing appreciation of the value of Trinity church, the place it occupies in the community and the work which has been done by Rev. Mr. Langton. The collections of the day for the church fund totaled \$2,480.

A test of the substitute is alleged by him to have been approved at Ramsey, N. J., by chemical experts on West Point Military Academy.

Assistant District Attorney Lazarus said the real secret of the test was two barrels of grain alcohol hidden behind a wall and connected by a pipe to a tank containing the substitute.

VOTE IT STRAIGHT
Pre-election campaign days are over. Now all that remains is to go to the polls and register your wishes. The polls will open today at 7 o'clock and remain open until

5. Vote early for the chances are for a heavy total and you will be wise to get your ballot in the box early.

It is a cumbersome ballot, said to be the largest one ever used in a national election. There are various ways of "scratching" your ballot, but a safe way to make no mistake and to be certain of having a real part in the election is to vote the G. O. P. ticket straight by putting a cross in the circle at the left of the party name.

A STRONG COUNTY TICKET
The Republicans of Morgan county chose wisely when they named their candidates at the primary. The men named below, if elected to office today, will render the people of Morgan county honest and efficient service.

For clerk of circuit court, F. E. Wanamaker; for state's attorney,

Carl E. Robinson; for county surveyor, Charles H. Harney; for coroner, Charles A. Rose; for county commissioner, J. E. Osborne; for county commissioner to fill vacancy, Frank L. Mawson.

The Bache Review has this interesting comment on the increasing efficiency now being shown in some industries.

The incentive to increased efficiency, however, does not come from philanthropic or economic motives on the part of the laborer. It is the increase of unemployment which is the motive power. The various employment agencies announce increasing numbers of applications for jobs, with available places diminishing in number. Textile, automobile and building industries are discharging the most men, and the railroads are also cutting down forces. In many instances employers are not making general cuts in their working forces, but are gradually weeding out inefficient members.

This is the visible motive power making for larger service from labor. This manifests itself not only in the more devoted work of individuals, but it is said that overtures by certain classes of skilled workers are being made to corporation managers, asking to have the wage scale depend upon efficiency and amount of output. Many skilled worker say that they have been carrying the shirkers and are becoming weary of so doing. The desire to have some system put into effect by which their own good work will bring them larger money returns, to which it is entitled. This movement is regarded as a hopeful sign of the oncoming of the full-days' work period.

chased or led. In the war time drives were splendid, and they helped to can our foes, but the war is done and ended, and the people need repose. Do not bother friends or neighbors with requests for honest dimes; leave them to their quiet labors, are we did in oiden times. THE DRIVE IDEA.
All our lives will be more sunny and we'll chirp a gladder song, when they quit the "drives" for money, which have bothered us too long. All such schemes were gladly pardoned when the kaiser danced his jig, and the heart was cold and hardened that neglected to up-dig. I am always prompt and willing to help out a worthy cause, but I will not place shilling in the drivemith's eager paws. For I'm sick of people telling what I ought to give and where, tired of always digging, shellin, for some scheme that makes me sweat. SALVATION ARMY DRIVE SOON HERE

Fund Raised in Jacksonville and County Precincts is for Local Work.

Thomas Hopper, who is county chairman of the Salvation Army advisory board, and other members of the board met at the Peacock Inn last night for conference. The special days for the Morgan county drive for \$3,800 are from November 3 to 6 inclusive. Uniformed members of the Salvation Army will be here during those days to co-operate with residents of the city and county in the work of solicitation.

The allotment of \$3,800 for this county is a large and the committee believes that the fund can be speedily raised. THOUGHT MAN

WAS CRAZY

"I have suffered from stomach and liver trouble for years; the last two years people have been calling me crazy. The doctors could not do anything for me. The awful bloating of gas seemed to press against my brain and I could not think clearly. Three months ago a friend advised taking Mayr's Wonderful Remedy and it has worked wonders in my case. All my bloating and suffering is gone and I feel as though newly born." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. PEORIA LADY WAS VICTIM OF STOMACH TROUBLE 15 YEARS

Had Gastritis, Indigestion, Was Constipated, Nervous, Bilious, Had Dizzy Spells and Rheumatism.

Claims Extraordinary Relief from Drego and is Glad to Recommend It.

"For the past 15 years I've been suffering from stomach trouble and it's attendant ills. I've suffered agony from gastritis. My food soured filling me with gas and causing gripping pains," said Mrs. Gertrude Mason, who lives at 109 Elliott St., Peoria, Ill.

"My bowels were so constipated I had to take medicine nearly every night. My liver didn't do its duty and instead of the excess bile passing off it piled up in my system causing all sorts of trouble; my head was so giddy I couldn't stoop over without having the sensation of falling. I was al-

ways in pain and rheumatism was getting in my joints.

"I have taken many different medicines in the 15 years I've been ailing but none of them did much good until I took Drego and I declare since taking it I've been like a different person. I eat hearty meals without having gas to form, my bowels move in a perfectly natural way and carrying off the wastes of the body. I am no longer bilious and my head is as clear as a bell. I surely am glad I found out about Drego for it has made a wonderful change in my condition."

After taking Drego it is noticed that the bowels act free and easy, the liver throws off excess bile, dizziness and headaches disappear, the digestion improves and the nerves are quieted, thereby producing sound, refreshing sleep and weak rundown system take on flesh and strength.

All druggists now sell Drego and it is being especially introduced in Jacksonville by Coover Drug Co.—Adv.

THERE is a big difference between Calumet and all other Baking Powders.

First—you see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

"Some Biscuit!"
CALUMET
BAKING POWDER

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Biscuit Recipe
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding tablespoons of butter or lard, 1/2 cup of milk, 3/4 cup of water. Then mix in the regular way.

The Indies had no trouble in winning the game from the Athletics at South Side park Sunday afternoon, the final score being 6 to 0.

Hamm pitched an excellent game for the Indies, allowing the Athletics but two singles. The first of these was made by Nunes in the fifth and the other by Devin in the sixth. Only two men got to second and twelve were retired on strikes.

Justice pitched a good game for the Athletics. He allowed six safeties and struck out four men. However, these hits were mixed up with errors and helped in running up the score. With perfect fielding the score would have been 1 to 0 in favor of the Indies as only one run was earned.

For the Indies the fielding of Denny and Christopher featured.

OLD-TIME POLITICAL RALLY AT WHITE HALL

Republican Gathering Held Friday Night Was Largely Attended—Funeral of War Hero to Be Held This Afternoon.

White Hall, Nov. 1.—An old-time political rally with a drum corps embellishment characterized a Republican gathering at the high school Friday night, which was addressed by Mrs. Bellman of Chicago, who is speaking under the direction of the Republican national committee. She is a wonderful orator, and wherever she has spoken her return has been requested. A speech was also made by Arthur B. Johnson, candidate for state's attorney for Greene county. Little interest was shown in the meeting, there having been a change from the advertised meeting in the park, until the arrival of a drum corps from Roodhouse, unheralded that paraded up and down Main street and marched to the school building, where by this time a crowd began to gather. The Roodhouse drummers were under the direction of Bert Todd, W. C. Roodhouse and W. B. Strang. Their wholly unexpected presence on Main street created a furor, it being the first evidence of marchers during the present campaign. The White Hall Republicans boys are now getting a bunch of drummers together for a final effort Monday and Monday night, when the Republicans are to tour the county in the interest of the soldier's county ticket put up by the Republicans, winding up with a rousing meeting in White Hall that night with an address by E. L. Wendell. The Republicans are making a desperate effort to overcome the tremendous Democratic majority in Greene county, and reports indicate that the efforts are not without avail so far.

The remains of Amos Walker arrived over the Chicago and Alton at noon Friday, coming from Louisville, and they were taken to the Fox undertaking rooms until the funeral services, which will be held in Whiteside Park at 2 o'clock Sunday afternoon under the direction of the American Legion. The deceased is a son of Andrew Walker, residing on Higbee street. He was killed in action at the White Farm, Belgium, September 4th, 1918. He was member of Company F, Second Battalion, 119th Regiment, 20th Division. He is a brother of Aaron Walker, also of White Hall, who was cited for bravery on the field. A memorial tree in honor of Amos Walker was dedicated by the White Hall Art League on April 3rd, 1919, on the soldiers' monument grounds.

THE GROWTH OF THE GRAPE BUSINESS
Many Jacksonville people have met Dr. C. E. Welch, of Westfield, N. J., who has visited the city several times to attend sessions of the trustees of the Woman's College. They will therefore be interested in the following paragraphs, taken from the Westfield Republic of recent date showing how marvelously the grape juice industry has grown in a twenty-four year period:

On Thursday, October 7th at 7:30 a. m., Dr. Welch pulled the lever that blew the whistle that started the grapes for the Welch Grape Juice Company's 24th season in Westfield. That first year, 1897, the whistle was for but 300 tons of \$10 a ton grapes, and 'tis a long, long way from that to 15,000 tons in 1920 that start at \$110 per ton. That first year, with an average of 2 1/2 tons per acre, the growers' \$10 per ton was extremely low compared to 1918 when the yield was less than 1 ton per acre and he got \$107 per ton. Of the 24 seasons the two years of very large crop were 1911 and 1914, the only years exceeding 80,000 tons for the Chautauqua Grape Belt. The years below 40,000 ton crop were 1913 and 1918. Only one year, 1917, has there been serious loss by freezing and then 25 per cent of the crop froze on the vines.

DEAR PETEY:

Bet you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a bully time—well my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you, that every work day in the week R. J. Reynolds Tobacco Co. buys from our "Uncle Sam" enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Never saw such a cigarette firing-up time in my life!

Peter, everytime you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smoker's time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that.

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours

Daily Market Report

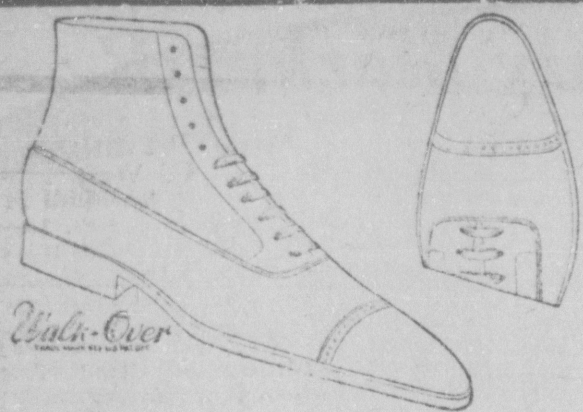

STOCK MARKET

WAS IRREGULAR

By Associated Press.

NEW YORK, Nov. 1.—Business on the stock market was irregular in movement and contracted in volume as was to be expected in view of the holiday in London and tomorrow's suspension of operations in all the markets of this country. Events over the week-end presented no change from recent conflicting conditions. The stronger returns of the local federal and clearing house banks were offset by advices emphasizing further reactionary tendencies in trade and commerce.

The money market manifested no perceptible east alto large sums were released for November interest and dividend payments. Call loans followed their now familiar course, ruling at 9 per cent until the final hour when the rate advanced to 70 per cent.

MONUMENT SOON TO BE DEDICATED

November 8th Chosen by Association for Ceremonial—Congressman Yates to Make Address.

It has been decided to have the soldiers' monument dedicated next Monday, Nov. 8th, at 2 p. m. The state commander of the G. A. R. is to be present and ex-Gov. Richard Yates will make the principal oration of the day. DeSilva's drum corps has been engaged for the day. There will be various features which will be announced as they are definitely arranged.

It has been decided to have the exercises on the south side of the monument, the speakers occupying the raised part of the structure while veterans of the civil war and ladies of the Woman's Relief Corps will be the guests of honor and occupy chairs immediately in front of the speakers. Chairs will also be provided for others as far as possible.

Especially is every veteran of the civil war urged to be present and every member of the Relief Corps.

The Veterans of the Foreign Wars are to act as guard of honor on the occasion.

All persons are requested to aid in making this occasion one of which the county may be proud. We have a noble monument, the delight of all who have seen it and the desire to have a dedication worthy of the occasion.

Insure with M. C. Hook Co.

Formal dedication exercises of the C. S. French Community High school of Chapin were held in the high school building Friday afternoon. Invocation by the Rev. C. G. Cantrell and a short address by County Superintendent Vasconcellos preceded the principal address of the afternoon delivered by H. H. Bancroft of Jacksonville.

Mr. Bancroft based his remarks upon the thoughts contained in one of the great principles of the ordinance of 1787, which provides that "Religion, morality and knowledge being necessary to the good government and to the happiness of mankind, schools and the means of education shall forever be encouraged." He dwelt upon the fact that our civilization depends upon our schools, and that each new thing adopted in our curriculum is molding the civilization of posterity.

To show the possibilities to the community of Chapin of the magnanimous gift of Mrs. Kensing in bestowing her home to be converted into a beautiful modern high school building, he spoke briefly of Newton Bateman, Turner, and others, showing what posterity had reaped from them. A large crowd of interested patrons was in attendance and was served at the close of the exercises by the Household Science club and the Woman's club to tea and wafers.

The school begins its career with an enrollment of fifty-seven pupils and has received full recognition from the State Supervisor of High schools for which much credit must be given to the untiring energies of the Board of Education to the modern and convenient high school that it is. The faculty for the present year is composed of C. L. Leitz, principal, Anna Nieman, Asst. principal, Martha Lehman and Blanch Seaman.

TRAVELLERS FROM ACROSS THE U. S. AND BACK

Fred Luhman and his mother and son representing the New York Sun were in the City Monday. They left New York City August 10, and have driven clear thru, stopping at Yellowstone Park and on to Seattle and from there south to Los Angeles and from there back to the Grand Canyon which they say is the grandest sight they saw in all their travels. They have not slept inside a building of any kind since they started from home and have enjoyed good health all the time. Mr. Luhman says that the people of Illinois should boost for hard roads, as they certainly had a pull thru mud across Kansas, Missouri and as far as they have gone in Illinois.

"VANITY FAIR" COMING

Boyle Woolfolk, producer of many musical comedies of note, will present his latest and most brilliant musical comedy success "Vanity Fair" at the Grand Theatre on Wednesday, Nov. 3. Mark well the date. It is a genuine event of the theatrical season.

This musical comedy is presented exactly as it was seen in New York. During its long engagement, "Vanity Fair" was declared to be the finest musical comedy of the entire theatrical season; it has since then lived up to that reputation, being acclaimed wherever it is presented as one of the finest musical comedies of its kind ever presented in the theater.

Mr. Woolfolk has spared nothing to make his presentation of "Vanity Fair" one of the high lights of the theatrical year. The cast stands for the best in the theatrical profession and the stage settings and costumes are more than elaborate. "Vanity Fair" comes here, heralded as something decidedly worth while. Theater-goers will never cease to regret it if they allow it to come and go without their seeing it. "Vanity Fair" is a genuine red letter event in the local theater season.
